Ardennes

Linha de vitrinas concebida essencialmente para utilização em pastelaria/padaria e charcutaria.

A Ardennes permite uma grande variedade de decorações que, aliada à sua elevada versatilidade, devido à sua câmara refrigerada independente, a tornam adequada a qualquer ambiente ou utilização.

Esta vitrina permite a colocação de cantos neutros de 45° e 90°.

Ligne de vitrines conçues essentiellement pour utilisation en pâtisserie/boulangerie et charcuterie.

L' Ardennes permet une grande variété de décorations qui, alliée à sa versatilité élevée, dû à réserve réfrigérée indépendante, la rend appropriée à un quelconque espace ou utilisation.

Cette vitrine permet le placement d'angles neutres de 45° et 90°.

Line of displays conceived essentially for use in pastry/bakery and deli meat/delicatessen markets.

The Ardennes allowing a great variety of decorations, allied to its elevated versatility, due to its cooled independent camera, make it appropriated to any environment or use.

This display allows the line up with 45° and 90° corners (not refrigerated).
